Follow these steps towards a New Career!

1. **Create or update your Job Seeker Account on Delaware JobLink**

Visit: joblink.delaware.gov to complete this step. This can be done from your home, your local library, or at the Department of Labor where an Employment Service Specialist is ready to assist you.

2. **Schedule and complete CASAS test.**

CASAS Test measures your reading and math skills. Before you take the test ask for a refresher packet at the resource room. If you recently took a reading and math test somewhere else, be sure to tell us.

3. **Attend Career Planning Workshop**

The Career Planning Workshop will help you craft, develop and research your educational and employment plan.

Research Training Providers at
<https://joblink.delaware.gov> and click on Training/Education

4. **One on One Meeting with an Employment Service Specialist**

An Employment Service Specialist will determine if you are eligible to participate in the competitive process. Prepare for this meeting by gathering the required documents from the list you receive from the Career Planning workshop.
